Explanation

Words and figures inclosed in brackets [] are given for information, but do not appear on the title pages of the publications cataloged. When place and printer are not given, it is to be understood that the publication is printed at the United States Government Printing Office, Washington, D.C. When size is not given octavo is to be understood. Size of maps is measured from outer edge of border, excluding margin. The date, including day, month, and year, given with Senate and House documents and reports are the dates on which they were ordered to be printed. Usually the printing promptly follows the ordering, but various causes sometimes make delays.

The L.C. card number appended to some of the entries is for those libraries ordering printed cards from the Library of Congress. The number at the extreme right of an entry indicates the classification of the publication in the Office of the Superintendent of Documents.

PUBLIC ROADS BUREAU

Progress maps

NOTE.—These maps show the status of improvement of the Federal-aid system in each State, regardless of whether the construction has been done with the aid of the Federal Government, by the States, by the counties, or by the townships. A system of symbols indicates the type of improvement of all the roads and whether the work was done with or without the assistance of the Federal Government. Sheets are of uniform size, some States requiring 2 or more, and are so issued that they may be punched and put in a loose-leaf atlas. The maps are called progress maps, and the series will be issued periodically to show any change in improvement of the highways.

SHIPPING BOARD BUREAU

NOTE.—Under provisions of Executive order 6166, dated June 10, 1933, effective Aug. 10, 1933, the functions of the United States Shipping Board, including those over and in respect to the United States Shipping Board Merchant Fleet Corporation, were transferred to the Department of Commerce, and the United States Shipping Board was abolished. The Shipping Board Bureau was established in the Department of Commerce to take over the functions formerly exercised by the Shipping Board.

The 3 publications listed below were prepared by the Shipping Board Bureau, but since they belong to a volume of reports begun by the Shipping Board prior to the transfer of its functions to the Department of Commerce, the old classification, SB1.10/a., is retained in order that they may be filed with the other reports included in the volume. See also p. 1327.

FARM CREDIT ADMINISTRATION

NOTE.—Under an Executive order promulgated by the President, Mar. 27, 1933, which order became effective May 27, the following existing agencies of the Federal Government, having to do solely with farm credits, were consolidated into a single agency to be known as the Farm Credit Administration: 1, Federal Farm Board; 2, Federal Farm Loan Bureau; 3, that portion of the functions of the Reconstruction Finance Corporation which has to do with the management of the 12 regional agricultural credit corporations and their branches; 4, Crop Production Loan Office and Seed Loan Office of the Agriculture Department. The chairman of the Federal Farm Board was continued in office as Governor of the Farm Credit Administration, and the Land Bank Commissioner, a member of the Federal Farm Loan Board (which was the executive head of the Federal Farm Loan Bureau), was continued in office subject to the jurisdiction of the Governor of the Farm Credit Administration.

Sec. 40 of H.R. 3835, 73d Congress (Public 10, approved May 12, 1933), provides for the perfecting of the organization.

FEDERAL EMERGENCY ADMINISTRATION OF PUBLIC WORKS

NOTE.—The Federal Emergency Administration of Public Works (also known as the Public Works Administration and the P.W.A.) was established under the provisions of title 2 of H.R. 5755, 73d Congress (Public 67, approved June 16, 1933), an act to encourage national industrial recovery, to foster fair competition, and to provide for construction of certain useful public works, and for other purposes.

By Executive order of June 16, 1933, in order to effectuate title 2 of the act, the President appointed temporarily a Federal Emergency Administrator of Public Works and appointed a Special Board for Public Works. By a later Executive order of July 18, 1933, a permanent appointment was made to the office of Federal Emergency Administrator of Public Works.

GEOLOGICAL SURVEY

NOTE.—The publications of the United States Geological Survey consist of Annual reports, Monographs, Professional papers, Bulletins, Water-supply papers, topographic maps (some of which bear descriptive texts), base and contour and other maps of the United States and of the States, folios of the Geologic atlas of the United States, and the World atlas of commercial geology (pt. 1, out of print). Practically all of them are sale publications; the exceptions are indicated by the dagger (†). The maps and folios and the World atlas of commercial geology, pt. 2, are sold by the Geological Survey at Washington, D.C. A discount of 40 percent is allowed on any order for maps or folios that amounts to \$5.00 at the retail price. This discount applies to an order for either maps or folios alone or for maps and folios together. Remittance for these publications should be made by money order payable to the Director of the Geological Survey, Washington, D.C. Orders for other publications that are for sale should be sent to the Superintendent of Documents, Washington, D.C.

NOTE.—In response to numerous requests, sheets containing lists of additions and changes for the 3d edition of the List will be supplied at intervals of about 3 months. They will be printed on one side only, on thin paper. They will be numbered consecutively and show the period covered. Enough libraries have expressed a preference for the gummed paper to justify printing on that paper enough copies of List 21 and future issues to meet their needs. With the list for December will be sent a charge slip for the issues supplied during the calendar year at 8c. for the first page and .015c. for each additional page of each list. These lists will be kept in stock until the 4th edition of the List is issued.

NATIONAL RECOVERY ADMINISTRATION

NOTE.—The National Recovery Administration was established under the provisions of title 1 of H.R. 5755, 73d Congress (Public 67, approved June 16, 1933), an act to encourage national industrial recovery, to foster fair competition, etc. This Administration is also known as the Industrial Recovery Administration, the National Industrial Recovery Administration, and the N.R.A., and the act under which it was established, as the N.I.R.A.

By Executive order of June 16, 1933, in order to effectuate the policy set forth in title 1 of the act, the President appointed an Administrator for Industrial Recovery and a Special Industrial Recovery Board.

Blue Eagle. Blue Eagle.

NOTE.—Beginning May 1, 1934, the National Recovery Administration initiated the distribution of individual Blue Eagle cards for display by employers operating under approved codes. The new Blue Eagle, with the former phrase "We do our part" replaced by the single word "Code" serves to identify the employer who did his part and who now, under an approved code, is cooperating with others in his trade or industry, to complete the work of recovery. Beneath the word "Code" appears the name of the trade or industry to which the employer belongs and his individual registration number. The individual Blue Eagle cards are not listed separately in the Monthly catalog.

NOTE.—In the interest of economy, coordination, and cooperation with industry, the National Recovery Administration publishes the Blue Eagle for the purpose of maintaining contact with all code authorities, compliance boards, administrative members on the code authorities, trade associations, and other individuals and bodies interested in rulings and policies of NRA. Others who may wish to follow NRA activities may also find interest in the Blue Eagle and here turn for authentic viewpoints and policies.

Codes of fair competition.

NOTE.—The codes for the following industries (except those designated as approved) merely reflect the proposals of the industries, and none of the provisions contained therein are to be regarded as having received the approval of the National Recovery Administration as applying to those industries.

The National Recovery Administration recently adopted the plan of issuing the approved codes in a form in which they could be gathered together into volumes. Approved codes nos. 1 to 57 have been assigned to volume 1, nos. 58 to 110 to volume 2, etc. Under this system certain of the approved codes for which entries had already appeared in the Monthly catalog were reissued, carrying the paging of the volume to which they had been assigned, and showing slight differences in their general make-up. The text of the codes, however, was not changed from the form in which originally approved.

The library classification scheme for the approved codes, including supplements and amendments, has been changed to show the approved code number instead of the registry number. Under this new system an approved code formerly classified as Y 3.N 21/8: 7 ap.282-01 (the latter part representing the registry number) would now be classified as Y 3.N 21/8: 7 ap.213 (the latter part representing the approved code number). The change was effected in the interests of simplification and due to complications caused by subdivisions of certain of the major industries. The classification scheme for the proposed codes is not affected.

TOPOGRAPHY DIVISION

NOTE.—The Division of Topography has prepared maps showing the rural free delivery routes. They are published in two forms, one giving simply the rural free delivery routes starting from a single given post office, and sold at 75 cents each; the other, the rural free delivery routes in an entire county, sold at 50 cents each. A scale of 1 inch to 1 mile is generally used. The rural-delivery county maps are printed from the latest negatives. It is impracticable for the department to keep maps corrected to date at all times. Editions are not issued, but blue-print copies are produced in response to special calls addressed to the Disbursing Clerk, Post Office Department, Washington, D.C. These maps should not be confused with the post route maps, for which see Monthly catalog for February 1934, page 734.

SMITHSONIAN INSTITUTION

NOTE.—In a recent price list, the Smithsonian Institution publishes this notice: "Applicants for the publications in this list are requested to state the grounds for their requests, as the Institution is able to supply papers only as an aid to the researches or studies in which they are especially interested. These papers are distributed *gratis*, except where price is given, and should be ordered by the *publication numbers*, arranged in *sequence*. The serial publications of the Smithsonian Institution are as follows: 1. Smithsonian contributions to knowledge; 2. Smithsonian miscellaneous collections; 3. Smithsonian annual reports. No sets of these are for sale or distribution, as most of the volumes are out of print. Special publications are also issued from time to time. The papers issued in the series of Contributions to knowledge and Miscellaneous collections are not public documents, but are printed in limited editions at the expense of the Smithsonian Fund. They are distributed without charge to public libraries, educational establishments, and learned societies in this country and abroad; and are supplied to other institutions, and to individuals at the prices indicated. Remittances should be made payable to the 'Smithsonian Institution.' A discount of 20 percent is allowed to bookdealers. The Smithsonian report volumes and the papers reprinted in separate form therefrom, are distributed *gratuitously* by the Institution to libraries and individuals throughout the world. Very few of the Report volumes are now available at the Institution, but many of those of which the Smithsonian edition is exhausted can be purchased from the Superintendent of Documents, Government Printing Office, Washington, D.C. The Institution maintains mailing-lists of public libraries and other educational establishments, but no *general mailing-list of individuals*. A library making application to be

STATE DEPARTMENT

NOTE.—With the publication of the first number of the printed Press releases on Oct. 5, 1929, the Department of State inaugurated a new publication program. The daily mimeographed releases are made available to the public weekly in printed form; also, all publications (except laws, Executive orders, proclamations, and treaties) are numbered consecutively in the order in which they are sent to press. Publications of a similar character are brought within well-defined series, and each series publication bears a series number in addition to its publication number. Laws, Executive orders, and proclamations are issued in separate series and are numbered within each series in the order in which they are signed. Treaties are issued in a separate series and are numbered in the order in which they are proclaimed. Indexes to the Press releases are supplied semiannually, as of December 31 and June 30. The Department of State includes in the Press release series, each quarter, a complete list of its publications for the preceding quarter.

The list below frequently includes certain relevant publications issued by other agencies of the Government under requisition of the Department of State and certain relevant congressional documents.

Under the practice of the State Department prior to the inauguration of the Executive agreement series (nos. 57, 59, 60, and 62 of which are listed below) the material would

NORTHERN AND NORTHWESTERN LAKES SURVEY

NOTE.—Charts of the Great Lakes and connecting waters and St. Lawrence River to the international boundary at St. Regis of Lake of the Woods, of Lake Champlain, and of the natural navigable waters of the New York State canals are prepared and sold by the U.S. Lake Survey Office, Old Customhouse, Detroit, Mich. Charts may also be purchased at the following U.S. engineer offices: 710 Army Building, New York, N.Y.; 486 Broadway, Albany, N.Y.; 540 Federal Building, Buffalo, N.Y.; and Canal Office, Sault Ste. Marie, Mich. A catalog (with index map), showing localities, scales, prices, and conditions of sale, may be had upon application at any of these offices.

A descriptive bulletin, which supplements the charts and gives detailed information as to harbors, shore lines and shoals, magnetic determinations, and particulars of changing conditions affecting navigation, is issued free to chart purchasers, upon request. The bulletin is revised annually and issued at the opening of navigation (in April), and supplements thereto are published monthly during the navigation season.

Complete sets of charts and publications may be seen at the U.S. engineer offices in Duluth, Minn., Milwaukee, Wis., Chicago, Ill., Grand Rapids, Mich., Cleveland, Ohio, and Oswego, N.Y., but they are obtainable only at the sales offices above mentioned.
